About

Christopher Education is founded in 2011 by a group of dedicated volunteers to serve the interest of the society. It is a non profitable institution aimed at exploring different talents in different children, without compromising on the basic qualities of educational policies laid down by the government. Also here in Christopher Education we believe in the famous adage "education without God is like making a demon wiser". Hence we impart education along with highest standard of morals and disciplines.

Subsidiary branches under Christopher Education are
St. Stephen English School, D. Phailien
Christephen Home
Christopher Sports Academy
Christopher School of Music
Christopher Computer Institution
